

SUMMER IS HERE

Enjoy some incredible featured treatments this season!

Skin is polished to perfection with a moonshine-infused body exfoliation, ripe with Georgia grown Muscadine grapes. Next, you are massaged with a custom blend of Hi-Bio™ Hemp warming oil and a feathery, light-as-air body mousse – infused with skin nourishing botanical oils. Skin drinks in the U.S. grown, non-GMO soy and safflower oils with skin repairing fatty acids, while retinol helps to nourish, and vitamin C from a tangerine peel brings out your most beautiful and natural glow.

Skin is buffed and polished with a juicy fine grain sea salt scrub packed full of brandy-infused pears, with a scent so succulent and sweet, it's just pearfect. Next comes a massage with a body mousse – infused with skin nourishing botanical oils plus fast absorbing, full spectrum hemp oil – rich in cannabinoids and over 15 vitamins and minerals. The skin-restoring antioxidant retinol helps to nourish, smooth and firm.

Vitamin Sea Ultra Collagen Facial

This ultimate experience facial combines the detoxifying results of the Blueberry Detox Facial with the powerful anti-aging benefits of the Arctic Berry Peel. Transform your skin with a three-tier serum treatment featuring potent vitamin C, vitamin E & peptides. Your treatment concludes with pure mineral SPF & blue light protections.

Stone Crop Rejuvenating Body Treatment

Polish skin with an invigorating Stone Crop Revitalizing Body Scrub that buffs away dull, dry skin calls and set the stage for a soothing, lightweight Stone Crop Body Oil that absorbs quickly for a beautiful satin finish. Strengthen and tone in all the right places with the luxurious Stone Crop Contouring Body Cream, clinically proven to target fat cells and reduce the look of cellulite. Relax and get pampered with a Stone Crop Restorative Body Wrap treatment that detoxifies, hydrates and boosts circulation.

We begin by gently wrapping hands and feet in a steaming towel compress – infused with nourishing coconut oil and vitamin E to prep skin. Next, you'll enjoy a blissful Cloud 9 massage from head-to-toe as the botanical oil fights free radicals and helps skin maintain its moisture through watermelon extract & antioxidant oils. Packed full of Hi-Bio™ fast absorbing, full spectrum hemp oil, this massage is unlike anything else you've experienced!

A light-as-air whipped body mousse kneading is yours for the taking! You'll drift off into a sunny state of mind when skin is massaged with U.S. grown, non-GMO botanical oils to give you all the nourishing vibes. This fluffy blend is also abundant with vitamin C and full spectrum hemp oil rich with cannabinoids to bring out your most natural glow. Float on, friend!

It's that time of year again! Rehoboth Beach parking meters are in effect daily from 10AM-10PM. Finding a parking space on Rehoboth Avenue may be a challenge in the afternoons and evenings. We recommend allotting yourself plenty of time to find parking, as well as choosing a space a few blocks off the Avenue, if possible.
